

Mi-Teintes®

Mi-Teintes® is a 160 gsm, pulp-dyed colour paper that has won worldwide recognition for its qualities. An authentic art paper it is manufactured with an exceptional cotton content, combining mechanical resistance and a sensuous feel. Furthermore it has the advantage of having a different texture on either side: a honeycombed side characteristic of Mi-Teintes®; and fine grain on the other. It boasts the richest range of colours on the market, with 50 light-resistant tones. All these properties combine to make it the top quality colour paper for fine art techniques (pastel, charcoal, sanguine, pencil, even watercolours and gouache), but also for handicrafts (folding, cutting, gluing, making cards, etc.).

La carta Mi-Teintes® è una carta colorata, 160 g/m², colorata in massa, conosciuta in tutto il mondo per le sue qualità. Vera carta artistica, è prodotta con elevato contenuto di cotone, dimostrandosi così molto resistente e sensuale al tatto. Presenta inoltre il vantaggio di offrire due lati dalla struttura diversa: un lato a grana a nido d'ape, caratteristica di Mi-Teintes® e l'altro a grana fine. La sua gamma di colori è la più ricca del mercato, offre 50 colori resistenti alla luce. Tutte queste proprietà ne fanno la carta a colori d'eccellenza sia per le tecniche delle belle arti (pastello, carboncino, sanguigna, matita e persino guazzo), che per le attività manuali (piegatura, découpage, collage, creazione di cartoline...).
